

Generation change at Marine Hull Team of Lampe & Schwartze KG Marine Underwriting

Bremen, 16 February 2022.

In the course of a long-planned generational change, Michael Lott (66) is taking his well-deserved retirement after more than 46 years of service at Lampe & Schwartze Marine Underwriting (L&S MU) on 28 February 2022. Louis Ravens will take over Lott's duties as Head of Marine Hull.

The new appointment to L&S MU's marine hull division thus represents both rejuvenation and continuity. "Louis Ravens has been known in the market for a long time as an experienced underwriter and is very motivated to successfully develop the hull department nationally and internationally," emphasises Tobias Braun, Member of the Management Board of Lampe & Schwartze KG. Ravens has been with the company for over 12 years and has sound experience in the marine hull sector. Ravens will focus on marine hull and loss-of-hire business as well as strategic development. He thanks Michael Lott for the smooth change of leadership. "You have supported us in a supportive and professional spirit throughout the process and I look forward to continuing the success story together with the team."

On the occasion of Lott's departure, Braun thanked him for his many years of successful work: "You have decisively shaped the hull department and left your mark on it over so many years. Our market associates your name with competence, reliability and continuity," and I thank you on behalf of the entire Group for your lifetime achievement at Lampe & Schwartze KG."

At the same time, Claudia Berkhout will take over the position as Deputy Head of Marine Hull on 1 March 2022. She has been responsible for hull underwriting since 2003, with a particular focus on mega yachts and builders' risk. To further strengthen the hull department, we are expanding the team with three new colleagues: Angela Stemmler (from 14 February 2022), Shorai Sandra Jafett (from 1 March 2022) and Philipp Pohlmann (from 1 August 2022). "With the new colleagues, three experienced and highly qualified individuals have been recruited who will continue to successfully develop the hull department of L&S MU together with the current team in the future," adds Ravens.

About Louis Ravens

Louis Ravens (37) joined L&S MU in 2010 as an Assistant Underwriter, previously completing his Bachelor of Arts in "Shipping and Chartering" at the University of Applied Sciences Bremen. In 2018, he was appointed as Deputy Head of Marine Hull and has since been responsible for the marine hull divisions together with Michael Lott.
